Dear Commissioner:

On September 26, 2008 Applicant filed her response to the Office Action dated April 1, 2008. In the first two full paragraphs on page 10 of that response, the undersigned referred to a translation of certain pages of opposition papers that were filed by MAN against the European patent that corresponds to the above-identified U.S. patent application, and stated that a copy of such translation was enclosed with the September 26, 2008 response. However, the undersigned has subsequently discovered that a copy of a document from a different European opposition was enclosed. That error was made by inadvertence and without deceptive intent.

A copy of the correct opposition pages is now being filed and is enclosed herewith.

Respectfully submitted,
